

# LeagueAppLive Knockout Competition Manual Setup Guide

This guide attempts to explain how you can setup a knockout competition on LeagueAppLive manually step by step. Although you could use the “Create Competition” option, sometimes it is easier and more flexible to do the steps manually.

Before starting you may want to archive and clear any previous competitions.

Archiver

Teams League

Archive

Archive results for each competition and review even after scores have been cleared.  
Once archived then use “Clear Competition” to remove match data and then delete on here to remove this competition.

Archive Name:

Search

|      | Archive Name               | Archived Competitions (Click link below to view) | Delete |
|------|----------------------------|--------------------------------------------------|--------|
| Edit | Teams League (01 Oct 2024) | <a href="#">Click Here to View</a>               |        |

Clear Competition

Clears all data for the selected competition.  
Competition has to be finished. (Archive this competition beforehand if required)

Teams League

Finish Competition

Clear Competition

Clears all data for the selected competition.  
Competition has to be finished. (Archive this competition beforehand if required)

Teams League

Remove Matches

First create your competition using the +Add New option.

Competitions

Create or Edit your competitions here.  
Competitions can be Teams or Singles, League or Knockout, Single or Multiple Leg and have up to eight leaderboards  
Once a competition is finished then use the “Archiver” to save the final results.  
Once archived then use “Clear Competition” to remove match data and then delete on here to remove this competition.

Cancel Update

Next, add a region. Only one if necessary for most league. Call this the same as you League or Area.

## Regions

Most leagues only require the one region.

Add a new division or group if not previously setup using +Add New

Divisions / Groups

One Group required for each Division or Round Robin Group  
Sort Order is the order they are displayed in the league tables  
If using Free Format then usually Sets will be set to 1

Give the division or group a name

Set an Order number for this Division, i.e. Premier Division might be 10, Division One 11, Division Two 12

Set the number of sets played and the number of games player, i.e. 3 sets of 4 games is 12 games in total

You can also use a free format such as S,S,S,D,S,S,S,D for 6 singles and two doubles. (if Sets is 1)

Divisions / Groups

One Group required for each Division or Round Robin Group  
Sort Order is the order they are displayed in the league tables  
If using Free Format then usually Sets will be set to 1

\* Items marked with an asterisk are required

| Item                                                                                                                                                                                                                                                               | Details                            |

Cancel Update

Teams (or Players) need to have their “Current Division or Group” set to the “Knockout” Group previously set up.

## Teams

Add or Edit Teams here with optional Venue and Manager (Setup in the Optional Menu)

Add a Current Division/Group to the necessary teams for use by the fixture generator.

Create a 3-6 digit Passcode for each team. Option at the bottom to create a random passcode

If a Team disbands you can simply untick the Active flag to remove them from league results.

Team Name: -- any -- Nationality: -- any -- Region: -- any -- Manager: -- any -- County: -- any -- Division: Knockouts Venue: -- any -- Search

## Players/Pairings

Add or Edit Players here with optional Venue (Setup in the Optional Menu)  
For Pairings (Doubles League) add one name in Firstname and the other in Secondname  
Add a Current Division/Group to the necessary players/pairings for use by the fixture generator.  
Passcode is optional for Player/Pairing, only needed for singles/doubles leagues and knockouts  
If a Player quits you can simply untick the Active flag to remove them from league results.

Give the team (or Player) a name

Set the Region option to the Region you setup previously

Set the Current Division or Group to the “Knockout” Group setup previously

Set Manager and Venue (Created in the Optional menu, shown later in the guide)

Set an unique passcode number (up to 6 digits, best set to 6)

## Teams

Add or Edit Teams here with optional Venue and Manager (Setup in the Optional Menu)

Add a Current Division/Group to the necessary teams for use by the fixture generator.

Create a 3-6 digit Passcode for each team. Option at the bottom to create a random passcode

If a Team disbands you can simply untick the Active flag to remove them from league results.

\* Items marked with an asterisk are required

Either use the “Knockout Draw” to add Teams or Players to the draw sheet or do this manually.

## Knockout Draw

Create Knockout draws here.

Before doing the draw, add the division/round to each team or player who will be included in the draw.

Select the round to accommodate the number of teams or players in the draw.

Group Byes will group all Byes at the top of the draw. The draw is completely random.

|              |                                                               |

You can view the matches you have now created in the “Match” / “Matches” screen.

Matches

Add or Edit Matches here for Teams or Singles for League or Knockouts.  
Schedule a Date and Time and add Table Numbers and optional venue is you wish.  
Matches dates and times can be advanced or delayed in bulk using the options at the bottom of the grid.  
Bonus and Penalty Points can be added to a match if needed and these will show in the League Tables.  
Handicaps can also be added to a match (automatically added if set up in teams).

## Passcode List (Shows the passcodes set up for each Team or Player)

Region: -- All --  
County: -- All --  
Division: -- All --  
Teams or Players: Teams Only

Passcode List  
[Print Passcodes](#)

| Team        | Passcode |
|-------------|----------|
| All Stars   | 508854   |
| Hustlers    | 129032   |
| Mega Cues   | 972159   |
| Mega Skills | 460121   |
| Old Potters | 255103   |
| Super Stars | 129468   |
| The Lodgers | 982311   |

## Players' Teams

You can manually add players to each team if you wish or the team captains can add these during the first fixture of the competition.

### Players' Team(s)

Add or remove Players from a Team here.  
Players can be in one or many teams at any time.  
At the start of a new season it is advisable to remove all players from their teams, to do this you simply delete all entries in this list.
